

The Jackson Service League, Making a Difference!

The Jackson Service League has been serving the kids at Youth Town for several years now through makeover parties, field days, and mentoring the kids at Youth Town. As a club organization their mission is simple, to serve others.

The one thing that our kids need most is role models. All of their lives they have been taught coping skills and values that are often backwards and sometimes just plain wrong. To be an effective role model one thing is needed above all, consistency. It takes time and persistence to overcome years of habits and bad values. If it could be reversed in one day, Youth Town would not be needed. Unfortunately this is not so.

The Jackson Service League has

The Women of the Jackson Service league put together a makeover party for the girls at Youth Town.

served as an example of consistency for the kids. Year after year they return and

Thank You!

share their lives and their hearts. Likewise, year after year the kids

respond with a gratitude and respect that is reserved for those who are willing to not just be here, but are willing to return.

It is the little things that matter most: a smile, a word or just to listen. There are times in a person's life when the least amount of effort can make a huge difference in their life. It is only through patience and perseverance that the moment can be found and taken advantage of.

The women of The Jackson Service League and others like them who return again and again are the ones that will be fortunate enough to realize the fruits of their labor. Every day matters, but many days make a difference.

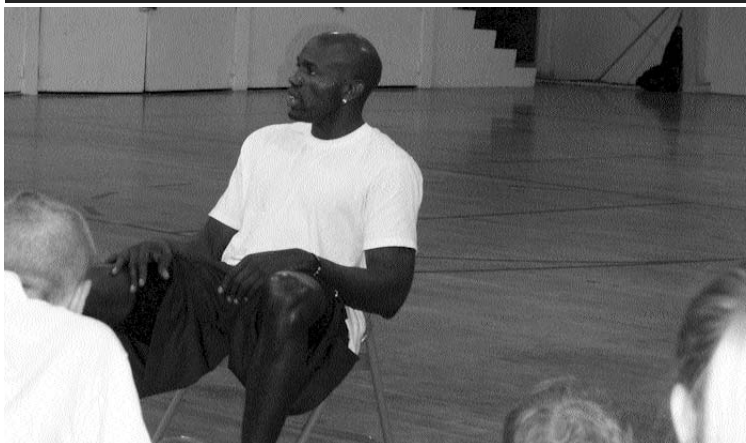

Thank you to the Jackson Service League and all of the groups who return again and again. Your dedication inspires others and makes a difference in people's lives.

Tony Delk Visits Youth Town

Basketball is among all kids' favorite activities at Youth Town. So, having Tony Delk on campus makes the sport that much sweeter for the kids.

Tony Delk, the NBA player, visited the kids at Youth Town this summer. Tony talked with the kids and answered their questions about what it's like to play in the NBA and afterward he gave out autographs to the kids.

Having such a successful athlete on our campus is a treat for the kids and staff alike. We appreciate you stopping by, Tony. Come back any time!

Youth Town was awarded funding by the United Way for George Thomas Jr. Academy for the 2003-2004 fiscal year. Thanks to the generosity of many, we will be able to better serve our kids and continue to make strides toward lasting change. Our thanks to the United Way and everyone who helped make this possible.
